

Chicagoland Grows[®] Inc.

Highest Standards for Superior Landscape Plants

Chicagoland Grows was established by the Chicago Botanic Gardens, the Morton Arboretum, and the Ornamental Growers Association of Northern Illinois. McHenry County Nursery is a licensed grower of the Chicagoland Grows plant introductions program. New and exciting plants are being released every year. These plants are selected after many years of extensive evaluation in sites all across the country.

Chicagoland Grows plant introductions meet the highest standards for superior landscape plants. Look for the logo by plants in our catalog.

Call or email us for more information on the current selections.
